It is a fun time of year - all the festivities from school plays, Christmas break and New Year's, snowmen, and before we know it will be Valentine's Day. Time seems to pass by so fast. I will be another year older in January. Surprise me with mountains of recipes that you have been meaning to send to Share with Wauneta. The snow was also a festive addition to Christmas.

1 can cream of mushroom soup

1 c. milk heated in a pan

Add a few of the French fried onions. And pour into a sprayed 9 x 13-inch baking dish. Bake at 350 degrees for 25 min.

Top with 1 1/3 c. French fried onions. Bake for 5 min. more with the onion rings on top to crisp. Serve in the 9 x 13-inch baking dish.

I could not find my recipe so I looked up a multiple of recipes on the internet and could not find the one I used to use so called our son and he gave me this one that he uses. I noted that several that I had looked up called for additions of Rice Chex cereal, parmesan cheese, cheddar cheese, butter, fresh chopped mushrooms, chicken broth or bouillon, garlic powder, red bell peppers chopped, chopped onions, or frozen rather than canned beans. For a more golden casserole use Golden Mushroom soup, to add crunch use sliced almonds; another told to substitute cooked broccoli florets for green beans that would make a good green casserole as well . . . or can add crumbled bacon to the top. You can also combine other cans of beans with the green beans as well. Too many decisions so I called Bob for his recipe to make sure none of them would be allergic to the ingredients. It was good and he got compliments on it as I had the groceries and he put it together and it was done in 30 mins. All sons should be taught to cook I.o.I. as that comes in handy in a pinch.
