

Decision to cut ag department to half time

Written by Wauneta Breeze

Dear Editor:

We were disappointed there were no letters in the April 4 paper concerning the school board's action to cut the ag department to half-time (half pay) as reported in the March 28 issue.

Your coverage of the meeting was probably quite accurate, reporting Mr. Geier's assessment that only eight "unique" students were in the class. Also, we really appreciated the full-page picture of 16 students and showing at least 45 businesses and individual sponsors of the ag department.

We are so sorry we were not able to attend the March 26 school board meeting.

We should all pay attention. Ask questions. Search for the truth.

**Sincerely,
Charlotte Myers
